Mechanical Turk. It is a historical reference to a device that was thought to play chess but was actually run by a person hidden inside.

How would you explain what MTurk is?

The only person i talk to about m-turk is my wife perfect for someone like me who likes to stay at home and work at my own pace. I mention that i love that that i never have to work on it when at my own pace that it's something that is not advertised; at least to that i know of, how i found out about it from ONE

that was mentioning ways to make money while working at home. whenever i have a real good dam-turk, i mention, happily, how much i earned. on flip side, and by coincidence this happened on this hit, there are glitches; not that many, but enough glitches to cause frustration. with this hit, i was unable to submit it the first time i tried; i got that all too familiar "something went wrong" message and had to do the hit again. my wife knows how much we need money i make doing these hits; that it's now ESSENTIAL money, but it sure helps, especially when an unanticipated expense comes up. i tell my wife
