 As little as turking appears to pay on paper, in practice it often pays less because MTurk, as it is known, is a sloppy, shoddy free-for-all. Turkers spend their time fighting requesters over an unfair 10-cent rejection or a missing 60-cent payment. They waste minutes filling out bubbles on defective questionnaires that cannot be submitted. They abandon 10-minute surveys after half an hour. They swap horror stories and warnings on turker message boards (10/2012 rejection on a \$0.50 hit, 10/2012 read one recent bulletin, 10/2012 creason is 10/2012 funds were not allocated 10/2012/10/2012). They leave scathing reviews on the turker-run site Turkopticon (10/2012 unfair and wild use of the rejection button 10/2012). Just how much turkers make is the subject of considerable scholarly debate, but one paper published last year analyzed millions of tasks done by thousands of turkers. Though they probably overrepresented novice turkers like me who do the lowest-paying tasks, the paper's authors concluded that if you count time spent looking for tasks and working on tasks that came to nothing, the median turker's hourly wage was \$1.77.

Only \$1.77 per hour? ⁸

34J10VATJG9BNW0E0T4PFWT8AIQY q2
 This all depends. If you have a lot of qualz with high-paying batch work, you can easily make \$25-50 (sometimes even \$10) an hour. Batches are everything. If you don't have good closed-qualz and are just taking surveys, then \$5-15 is the norm. Work is never consistent on this platform, either.

What are qualz and what are they used for? ⁹

A lot of MTurk workers are from countries where \$1.77 is way below minimum wage. How do you think MTurk appeals to them, if not for the money? ⁷

 People are bored. People cannot survive on this income (at least in my area, the bay area), so I'm assuming they are doing this as a side-hustle. Some people will work for pennies out of boredom or desperation. Others (like myself) will not since I have too much self-respect to do that.

"Quals" or "Qualifications" are given out by requesters or can be requested by workers themselves in order to essentially prescreen HITs before you take them and potentially risk rejections. If a requester needs someone who has worked over 5,000 or even 10,000 HITs, as they trust they will do good work, then they can put that qualification on their HIT and it will automatically screen out anyone who hasn't done that. It is a handy way to get the information and findings you need without manually doing everything yourself.

What are "closed-quals"?

3A4N1KB77TAMS9EETAJ00M4HUPML6 q0
I know exactly what closed quals are and how much they benefit turkers. I have a couple myself and have earned a lot of money because of them, back when the requester published regularly. Now they don't, so my cq is worthless right now.

I work throughout the day (10+ hours or more). You have to constantly be available for work to post. Nothing is consistent on this platform. Batches and surveys post at odd hours. I work every day of the week, but less on weekends. My catcher is always on to catch HITs and alert me about my closed-qual batches.

29
If you work for more than ten hours per day then you must take very good care of your body, do you use any special equipment for this?

25
30JNVCOORAVBRSLG8IBJP3VE930QH q0
When I use the ergonomic chair in the work I usually felt so comfortable. Such that it made my work efficiently at time.
3KRVR3HTZOW9WM14RJG1C8IB9XZSM7 q0
You Have to sit in Your Comfortable place with Comfortable Position. Put Glasses Like Prevention Glasses while You are Working a long time.

26
Do you take breaks?

3CPLWGV3MPAX9PQ5UEVASS2MNQEN96 q1
I take breaks every time I see nothing on my timeline and that happens quite often. Unfortunately, on AMT there is a HUGE discrimination towards international workers. I live in Italy and AMT considers it a third world country, they won't let me accept all of the HITs released, I can only eat the crumbs here.

27
30JNVCOORAVBRSLG8IBJP3VE930QH q1
I think that it might affect mentally at some situations not at all extreme level because but the way I had got more benefits in it.
3KRVR3HTZOW9WM14RJG1C8IB9XZSM7 q1
No, MTurk Never Affect my Mental Health. I Like to work on MTurk.

27
Do you ever feel like working long hours behind the screen affect you mentally?

28
Do you think US workers get more HITs to choose from?
33L7PJKHCH9VQXCFMIB8HVD3S2KT8Q q2
Yes, people from the US seem to be preferred. Many of the HITs specify that you must be from the US, so that makes people from other countries unable to do them.

29
How long do you usually take breaks for?
33L7PJKHCH9VQXCFMIB8HVD3S2KT8Q q3
I have a script running that catches my HITs, so I am usually in the same room with my computer (kitchen). I do lots of other things when nothing is coming up.

30
Do you stay behind the computer when you take a break?
33L7PJKHCH9VQXCFMIB8HVD3S2KT8Q q4
When I "take a break" I don't necessarily stay behind my computer. Sometimes I do, but I look at other sites or my email etc.

31
What is HIT catching?
33VW495TLKBMP2R95W10PTK11GYA q2
I would explain it as having a page open to manually refresh a HIT's page I am interested in. Usually these HITs are high paying, and when another person is done with them, they will be reposted again immediately, but you don't see them until they come up on the front page and click on it, and another person has already "caught" it with their own script that is refreshing the page for them. It can give you an advantage to actually get these HITs and potentially do good work, or even get better qualifications.

32
Do you use a browser extension or plugin for that?
3TOX3KHVJUTBDR2QGWX39L8LKMV070 q0
Yes I have used this extensions and these use is very important for every MTurk workers. The extensions are used to access this work and used many processing.

33
Which extensions are there for workers to use/optimize/augment their work flow?
3M1CVSFP61GWHS022C1R8H8BZ9FQA0 q0
Tampermonkey is an extension which is very much useful to optimise the work flow and shows our daily earnings also.
39LNWE0K4V73FG3HV9D9ZGTJF3SIUT q0
The extension like MTurk Suite helps the workers to do many hits. This increases the hitflow and earnings. The extensions should be used in a right time and at the right way.
3UJ1C26I20B0FGYKZFV67Q0SESSA q0
mturk suite. It has different features, the main ones are the finder and the catcher. Through the finder you can find, indeed, different hits and put them in a kind of queue, the catcher, and when the hit is ready, it catches it for you and you can work on it.

34
Who maintain these extensions/plugins?
3M1CVSFP61GWHS022C1R8H8BZ9FQA0 q1
all workers maintains these extension. It is very helpful to know the work flow.
39LNWE0K4V73FG3HV9D9ZGTJF3SIUT q1
The extensions are maintained by the worker who interested to do more hits and who are passionate to MTurk.
3UJ1C26I20B0FGYKZFV67Q0SESSA q1
I actually don't know but several developers work on them

35
Where do people get these extensions/plugins?
They discuss in forums such as forum.turkview.com

What does "MTurk" stand for?

3TY7ZA0G5GVE5PHX5K1NPKP5300K1 q0
Mechanical Turk. It is a historical reference to a device that was thought to play chess but was actually run by a person hidden inside.

Where did the name "MTurk" come from?

It came from the Mechanical Turk, a machine that played chess but was in fact driven by a chessmaster hidden inside.

How would you explain what MTurk is?

The only person I talk to about m-turk is my wife. It is perfect for someone like me who likes to stay at home and work at my own pace. I mention that I love the fact that I never have to work on it when at my own pace. That it's something that is not advertised; at least not that I know of. How I found out about it from ONE site that was mentioning ways to make money while working at home. Whenever I have a real good day on m-turk, I mention, happily, how much I earned, on the flip side, and by coincidence this happened on this very hit, there are glitches, not that many, but enough glitches to cause frustration. With this hit, I was unable to submit it the first time I tried; I got that all too familiar "something went wrong" message and had to do the hit again my wife knows how much we need the money I make doing these hits; that it's now ESSENTIAL money, but it sure helps, especially when an unanticipated expense comes up. I tell my wife that, without overdoing the fact without a doubt m-turk is one of the best things that has happened to me in many, many years. It's convenient money

Wow, MTurk is really that good that you would call it "one of the best things that has happened to you in many, many years"?

legacy_5
I can say that 100% One of the best and the best things was MTurk that comes in my life. When I was in the lockdown there was no job opportunity I was in trouble. In that time my friend suggest me to take a look in MTurk. First I was in the half minded. But now it helps me too solve my budget plan I Really thank full to MTurk

I can definitely see how, during the corona lockdown, MTurk can provide a unique type of opportunity to earn money. Would you continue doing this work if there is no lockdown anymore?

legacy_5_1
Well, I'm from Brazil and you can make here payments above minimum wage due to the devaluation of Brazilian Real. I'm not good with "real" jobs that demands talking to people, I like to do my own things, so MTurk fits very well, because I don't like to lead neither to be leaden, I don't like to receive or give orders, so working on my own pace, without stress and being able to return jobs that I'm not willing to do at anytime fits very well with my personality.

Will you keep doing MTurk work even if it would pay less than minimum wage?

3WLEIWSYHPSU29JV67LTLXBSR2H4 q0
I don't have any other source of income. I am a student. I get paid in US dollars, so if I earn almost 5-10 dollars daily then I do good, since I live with my parents, all the money goes into my personal expenditure like gym and nutrition. Plus having some money in my pocket makes me feel little less worried. So yeah I do get underpaid but I am fine for now, as I am not dependent on Mturk for my bread and butter.

So would you say 5-10USD is not very good for a day's work?

is meer een conclusie die de lichter moet tselken?

18 Do you think that it takes a certain kind of personality to do MTurk work?

3WLEIWSYHPSU29JV67LTLXBSR2H4 q1
Nothing to do with my personality. And I don't think it needs any personality. Mturk has various types of work so it is just a source of making quick bucks for me. I don't believe it can be a source for full time earning until and unless the person has absolutely no skill, if that's the case then Mturk too becomes not that good place for them, because certain tasks require certain level of education and expertise.

kan je 15 en 18 niet beter verbinden? nu is het een beetje tegenstrijdig over het belang van persoonlijkheid

19 Do you mean that people who work on MTurk full time only do it because they cannot get a better job?

3WMINLGALESN43JU0WOCJTRN8ACD q0
My wife and I already had full time jobs so I was mostly looking for something to supplement our income, preferably from home. The last thing I wanted to do when starting a family was to pick up a part time job and never be home. So I started looking to see if I could find a way to make money online. At some point, you'll see probably seen ads or spam emails claiming that you can make money taking surveys online. I see, so you never intend to do MTurk fulltime right?

32MB8PYGAUXKAY2MB40SV1SR2U3IGB q4
I spend more than 40 hours a week on mechanical turk but I do not have a normal full-time job. I am on disability and have the time to spend doing surveys and other hits. It supplements disability because my Social Security disability checks are not that much.

21 Do you mean that there's no sense in doing full time MTurk work because some HITs require specific skills?

3WMINLGALESN43JU0WOCJTRN8ACD q1
While computing technology continues to improve, there are still many things that people can do much more effectively than computers. These include tasks such as identifying objects in a photo or video, performing data de-duplication, transcribing audio recordings or researching data details.

Data de-duplication?

32MB8PYGAUXKAY2MB40SV1SR2U3IGB q3
I have been doing mechanical turk for almost 8 years and I have no idea what data de-duplication means. If I was a requester, then it would mean reducing the number of redundant questions. As a survey taker, I just don't know.

???

36 So I guess you like working from home?
I do Mturk from home because I can do it while being home with children. My husband works outside of the home and I need it home to take care of our children. It is nice to be able to contribute with extra income without having to find childcare. I can earn money and take care of the kids at the same time.

37 Can you concentrate on te work when there's also kids running around?

3907XZAHF1GMCQHJPKTN2U23ISJP2D q2
It depends on what your goal is. Yes its easy to multi task while working on MTURK. However, you won't always be able to grab as many HITS if distracted. MTURK is a highly competitive platform and lots of workers are always looking for work. When actually working on HITS though, you shouldn't be distracted though.

38 In what way is MTurk competitive?

3W6495TLKB6MP2R5W1OPTK11GYA
I definitely agree that MTurk is competitive; you have a lot of workers trying to compete for (especially) high paying jobs while the lower-paying jobs or under-paying jobs either get left for no one to do or for people who are just starting this work to build their numbers. There feels like there is a lot of animosity from both requesters and from workers, as requesters obviously need and would like work done within a budget, but when workers see high-paying jobs that aren't locked behind qualifications (be it HIT requirements, pre-testing, etc), they get snapped up very quickly and there is resentment among people who have been around longer.

Let's say you wouldn't would you still choose

3907XZAHF1GMCQHJPKT
I would say it is simply be for how long. You can also flexible as you want it to be

How many hours do you work on an average day though?

34J10VATJG9BNWGE0T4PFWTBIIQY q4
I work throughout the day (10+ hours or more). You have to constantly be available for work to post. Nothing is consistent on this platform. Batches and surveys post at odd hours. I didn't feel any problem like that because I sit in a correct position which is comfortable. I used chair or other things to sit in a comfortable position.

55
So what does your workspace look like?

30JNVC00RAVBRSLG8IBJP3VE930QH q2
My work environment looks very likable and pleasant and mainly their is no distracting events might occur. So it is more beneficial for completing my work at required part as much as possible and also at fulfilled level.

Do you use MTurk more to become better at MTurking?

3HFNH7HEMIPXRWQSOCT143JEWEGQH q2
I do more effective if I invest money to work effectively. I used to buy the needed equipment to do the work effectively.

59
Do you do MTurk work from a computer at a desk?

3CPLWGV3MPAX9PQ5UEVA8S2MNGEN96 q3
I turk from a small desk because I attach my laptop to a bigger screen, my laptop has a 10" screen and it's too small for turking all day long. A second screen is imperative if you want to make more money on AMT, working on a single screen is tiring and frustrating.

3MAOD8E57RLNAL83XU10OV03TDIXND q3
I do my work in computer table

60
Do you just use the big screen or do you use both screens for different purposes?

3HFNH7HEMIPXRWQSOCT143JEWEGQH q3
It is easy to complete more works at a time. It save my time to do other works at a time.

61
Can you name and describe a few objects that are important for you to have a good work environment?

3CPLWGV3MPAX9PQ5UEVA8S2MNGEN96 q4
The view from my balcony is important, it helps me to recharge whenever I feel like I'm losing focus, I take a look outside and I realize that I'm surrounded by nature, not only computers. Turking takes all of my day and I need to have that view on the trees and breathe the grass-flavored air to have a taste of the outside world, but from the inside while working.

How do you decide which HITs you want to do?

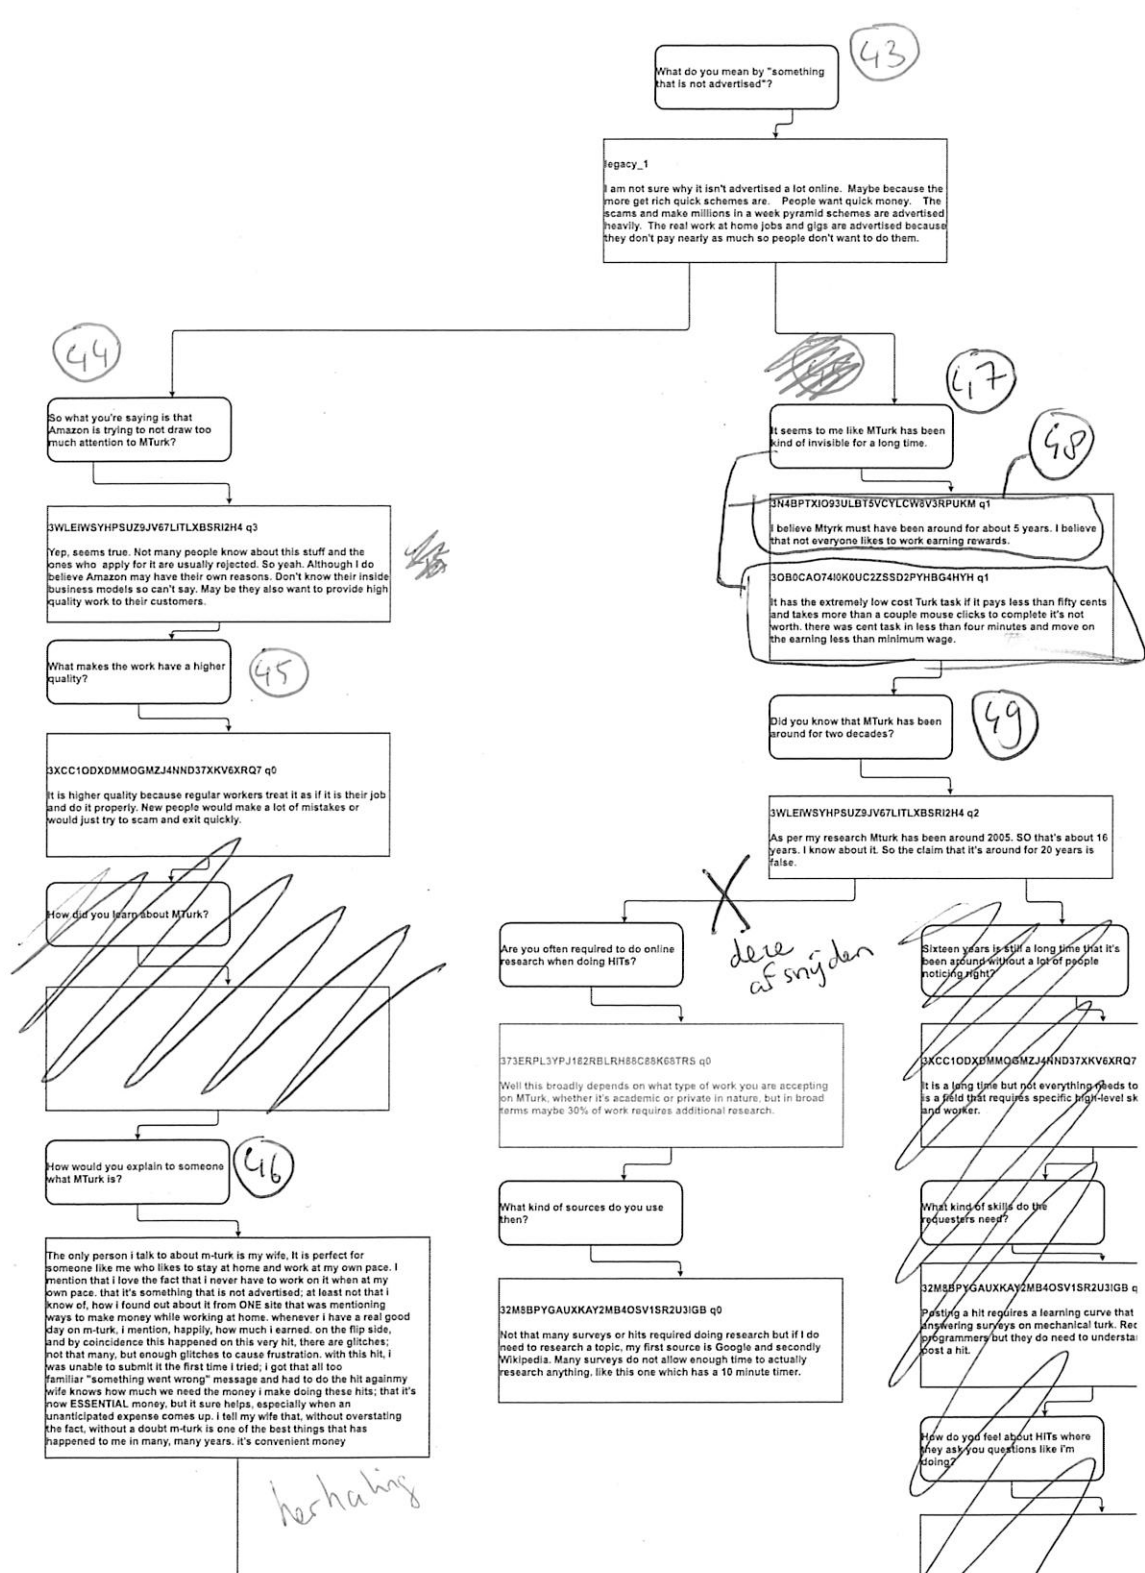

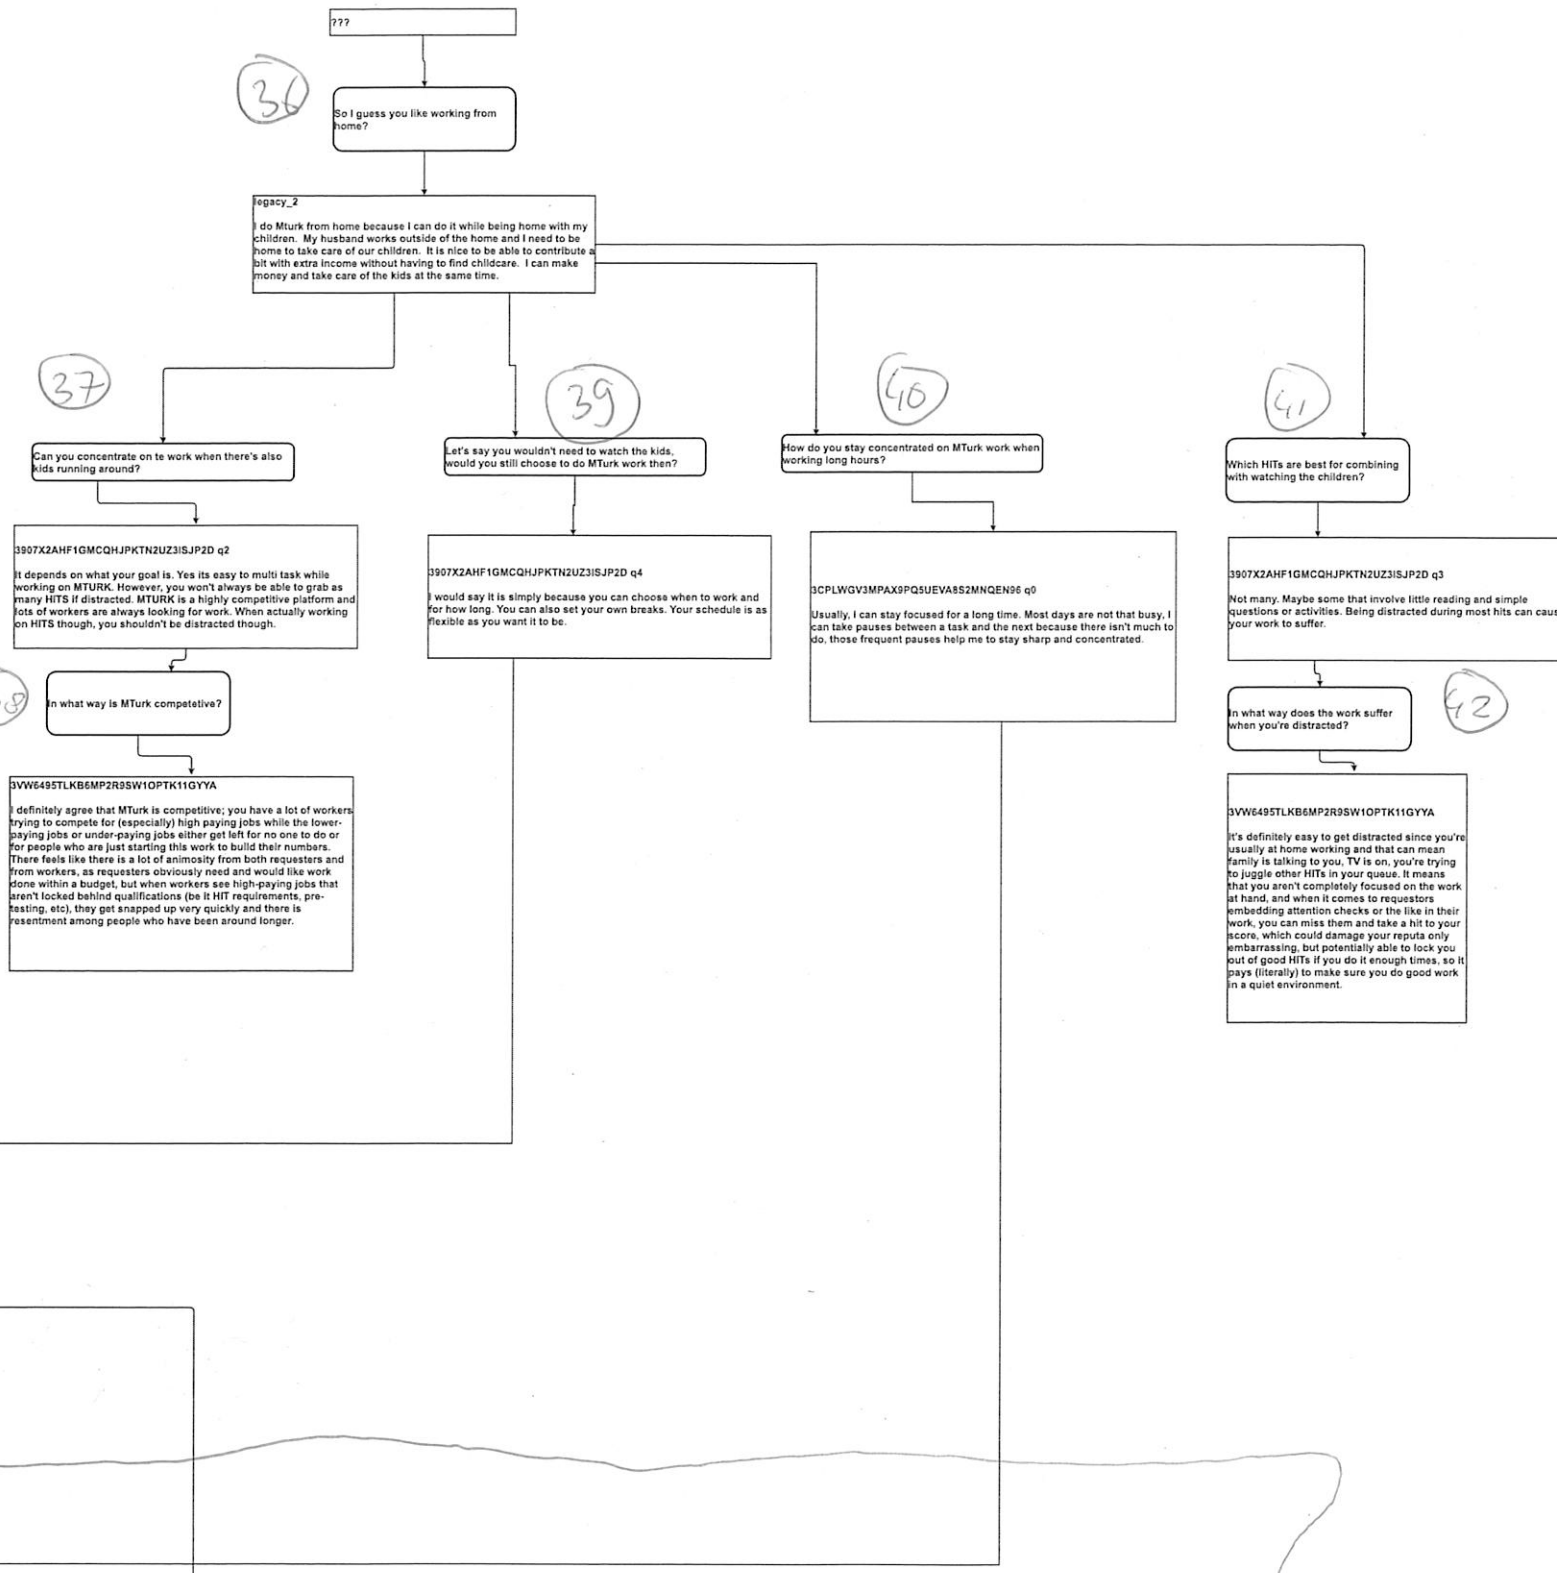

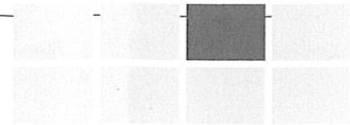

oude_survey_freely

Generally, I prefer short, quick subjective, because there's no wrong lower rate of rejection. Quick, because time investment (say 5 cent 10 second 30hr you would on longer, higher inc accumulating a larger amount of com from your rejection rate getting dumb. This gives you more room to do hits I generally carry the largest risk of reje lucrative payouts (people seem to love they find out the minimum amount m task for). For instance, I had a closee hits available a few weeks ago where determined whether it contained also you could do about 10 a minute. Part

Can you do any HIT on MTurk?

3VW6495TLK86MP2R5SW1OPTK11GYVA

One problem with MTurk is that HITs are so varied, so you may a great paying HIT that has a 30 minute timer and another with timer. If you have both of them queued up and they both say th take roughly 30 minutes to do, you have to pick and choose wh miss you want to do, and it can end up costing you good more down the line unfortunately, especially as HITs can be hard to c again and many requesters won't let you attempt HITs again af you have even caught them. It is also irritating as many better I are locked behind qualifications that are hard to get or haven't given out in years.

ik zou deze vrraag niet centraler plaatzen. de lezer moet weten wateen HIT is (obviously)

ik kwam er nu pas heel laat bij maar ik heb wel links - rechts

What is a HIT?

Legacy & 33L7PJKHCH9VQXCFMIB8HVD3S2KT8Q q0
[I tell them that] HIT stands for human intelligence task. [I explain that] it is something that only a HUMAN can do. Bots cannot think like humans, and researchers value human input.

Which kinds of HITs are there?

33L7PJKHCH9VQXCFMIB8HVD3S2KT8Q q1
I have done several types of HITs. They kind I have done are mostly surveys, where the researcher is trying to get opinions on various different subjects, from products to politics and current events. The other types that I have done are playing games and trying out websites to see how well they work. That is self explanatory. Also I've written essays for evaluation and analyzed graphs to see how effective and understandable they are. I don't do transcriptions and other tedious work.

How do you decide which HITs you want to do?

oude_survey_freely
Generally, I prefer short, quick subjective HITs in large batches. Subjective, because there's no wrong answers and hence much lower rates of rejection. Quick, because if they're well-paid for the time investment (say 5 cent 10 second HITs) you'll make the same 30hr you would on longer, higher individually-paid work while accumulating a larger amount of completed HITs, which protects you from your rejection rate getting dumpered by a new requester. This gives you more room to do hits for new requesters, who generally carry the largest risk of rejection while also the most lucrative payouts (people seem to lower the pay for their work after they find out the minimum amount most people will complete their task for). For instance, I had a closed qualification batch of 60,000 hits available a few weeks ago where you just read a drink title and determined whether it contained alcohol. They were 5 cents a hit but you could do about 10 a minute. Perfect batch.

82

Then, do you feel like you can speak freely when doing survey HITs or do you try to cater your answers to the requester?

3TYTZAOG5GVE5PHX5K1NPKPS30K1 q4
For the most part, of course. I offer my opinions and do not need to hold back.

85

Can you take me through the process of doing a HIT?

33WADAZ9RFWQNO53I6B1XPR4E50Q q3
I have done this work very sincerely. I like very interesting done this all work. all work are very easy
3X65QVEQ1Y9JNUNULPMXQZ5P94LCT q3
First read the instructions careful and check the time allowed the hits. Do the work with the more interested and actively answer the questions
34T446B1C1PWMR515S3Z67HMPHOCF q3
FIRST WE SHOULD READ THE PREVIEW. IF IT IS OK, WE HAVE TO ACCEPT THAT HIT. IF THE HIT IS RELATED TO SURVEY WORK, WE HAVE TO OPEN A LINK IN THAT PARTICULAR HIT AND DO AS INSTRUCTED. AFTER COMPLETING THE SURVEY, CERTAIN CODE WILL BE PROVIDED THAT WE HAVE TO ENTER IN MTURK RELEVANT PAGE. THEN ONLY WE HAVE TO SUBMIT.

83

Do you ever wonder what the results of your work are used for?

33WADAZ9RFWQNO53I6B1XPR4E50Q q0
My work are being used by requesters because the requesters give all type of works so they decided our works
3X65QVEQ1Y9JNUNULPMXQZ5P94LCT q0
The purpose of the work is the most important in all kind of works. In each an every work has the unique purpose and it is very helpful to the survival of the human life. It is important to early life.

IT WILL ENHANCE THE REQUESTERS RESEARCH PURPOSE AND USEFUL FOR HIS/HER STUDY.
3TYTZAOG5GVE5PHX5K1NPKPS30K1 q0
Sometimes it is used for research. Sometimes it is more of an educational thing.

Are there any HITs that you absolutely will not do?

oude_survey_avoid
I avoid all the HITs that want you to provide personal informations that can be used to identify you. I don't want the requesters to obtain that kind of informations about me. In these days no one can be feel really safe with the amount of informations that all these companies out there are collecting about the users every day. You can never know how all these informations can be used against you in the future. They can find out what do you like what kind of life are you living and maybe they will be able to find a way to control you with all those informations they will have about you.

86

What do survey HITs look like?

373ERPL3YPJ182RBLRH88C8K68TRS q1
Nearly all survey HITs are from academic institutions using Qualtrics, which is a survey platform specifically for this purpose. They consist of Likert scales and radio buttons to make selections. The interface is bland but functional with not much else utilized on the screen except for answers and responses.

87

What do game HITs look like?

373ERPL3YPJ182RBLRH88C8K68TRS q2
I don't generally do game HITs, however the last one I did had what appeared to be a flash interface to it, despite flash for web being deprecated. These are usually windowed on a screen and the user is asked to change the format to full screen.

88

What do visual analysis HITs look like?

373ERPL3YPJ182RBLRH88C8K68TRS q3
Visual analysis HITs have a basic user interface with a few tool options on the left hand of the screen that correspond to whatever the project is about and can be customized as such.

89

What do transcription HITs look like?

373ERPL3YPJ182RBLRH88C8K68TRS q4
Transcription HITs have a very rudimentary interface where audio is embedded on the webpage and there is a standard text form box below it to transcribe what is heard. I've never seen one that had its own built-in editor or contained tools to make the work less cumbersome.

Do you ever get sick?

33JNV00RAVBRSLG8IBJP3VE930QHN q4
Rather than I had sick days while working at MTurk and in that situation mainly I don't ignore my work schedule and I just plan to do it at right moment to proceed.
3KRWV3HTZOW9WM14RJG1C8IB9XZ5M7 q4
Most of the day I feel Energetic When I started MTurk work. Sometimes when I Feel Sick I will Manage.

91

Okay so basically you either work while feeling sick or lose potential income?

33WADAZ9RFWQNO53I6B1XPR4E50Q q4
when I am sick I will do MTurk work because I want need money so I do work. MTurk work
34T446B1C1PWMR515S3Z67HMPHOCF q4
I WILL DO WELL WHEN I AM NOT SICK. IF I FALL SICK, I WILL BE TAKING A HALF WORK DONE. IF I SUFFER MORE, THEN I WILL STOP DOING THE WORK THAT DAY AND WOULD COMPENSATE ON THE NEXT DAY.
